

WATER FILTERS

The Liberty

Simple, strong, reliable filtration

The Liberty is our worry-free answer to the bad taste and odor of disinfectants added to municipal water. It is designed for easy, low-maintenance filtration: water is treated on demand as it passes through the carbon.

Advanced Construction

Targeted Contaminant Removal

Whole-Home Protection

IN SHORT

The Liberty is the worry-free whole-home carbon filter in the Three Rivers lineup: it targets the bad taste and odor that municipal disinfectants add to city water, treating water on demand with an easy, low-maintenance design. It is installed across the Greater Pittsburgh area for fresh filtration at every tap.

KEY FEATURES

- ◆ **Granular Activated Carbon (GAC):** Made from organic materials processed to create extremely high internal surface area to effectively adsorb foul tastes and odors.

Is The Liberty right for your water?

Every recommendation starts with a free in-home water test. If your water does not need a system, we tell you that too. Installed by a local plumbing professional under contract with Three Rivers.
