

DRINKING WATER FILTERS

The Point

Purified water at the point of use

For the water you drink, cook with and pour for your family, The Point is our most complete reverse osmosis system. Multi-stage filtration, a TDS meter and a dedicated dispensing faucet come with every system, and quick-change cartridges keep upkeep simple.

Advanced Construction

Easy to Maintain

IN SHORT

The Point is the flagship reverse osmosis drinking water system in the Three Rivers lineup: pre- and post-carbon filtration, an RO membrane, a TDS meter and a dedicated faucet, installed under your kitchen sink by a local plumbing professional across the Greater Pittsburgh area.

KEY FEATURES

- ◆ **Quick-Connect Design:** Easy-to-use design with cartridges that can be replaced without tools.

SPECIFICATIONS

- ◆ **LED Light Reminder:** optional monitor indicates when cartridges are due.
- ◆ **Quick Change Cartridge:** hermetically sealed for safe, easy replacement.
- ◆ **Carbon Filtration:** pre- and post-carbon filtration.
- ◆ **RO Membrane:** filter material effective down to the molecular level.
- ◆ **Dedicated Faucet and Safety is Standard** construction.

Is The Point right for your water?

Every recommendation starts with a free in-home water test. If your water does not need a system, we tell you that too. Installed by a local plumbing professional under contract with Three Rivers.
