

WATER FILTERS

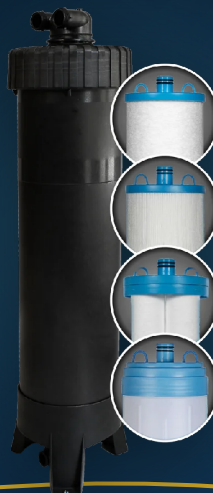

The Tributary

Filtration that fits

Ideal on its own or as part of a larger setup, The Tributary is our customizable cartridge filtration system. Choose from a range of cartridges to match your water. It is easy to understand, install and maintain, and a bottom drain lets water rinse the cartridge to prolong its capacity.

Easy To Change Cartridges

Targeted Contaminant Removal

IN SHORT

The Tributary is the customizable cartridge filter in the Three Rivers lineup, listed under drinking water filters, water filters and scale inhibitors alike. Choose the cartridge that matches your water, from sediment and carbon to a salt-free city water combination. It needs no electricity, and Three Rivers installs and services it across the Greater Pittsburgh area.

CARTRIDGE OPTIONS (CHOOSE YOUR FIT)

- ◆ **Sediment/Carbon Filter:** Reduces particles and chlorine chemicals in a single pass.
- ◆ **Pleated Sediment Filter:** Captures fine particles with multiple filtration ratings available to match your needs.
- ◆ **Meltblown Sediment Filter:** An outer pre-filter plus dense inner filter to capture particles down to 5 microns.
- ◆ **Granular Activated Carbon (GAC) Filter:** A simple GAC solution to tackle chlorine from municipal water.
- ◆ **Salt-Free City Water System:** Combination of Granular Activated Carbon (GAC) and scale reduction media to deactivate hardness minerals while filtering chlorine.
- ◆ **Catalytic Carbon + Bacteria Prevention Filter:** Specialized carbon with bacteria-control media to restrict the growth of bacteria in the tank.

Cartridge options (choose your fit)

SPECIFICATIONS

- ◆ **Easy to Use:** no electricity needed.
- ◆ **Compact Design** with **Large Capacity**, and fully **Customizable** by cartridge.

Is The Tributary right for your water?

Every recommendation starts with a free in-home water test. If your water does not need a system, we tell you that too. Installed by a local plumbing professional under contract with Three Rivers.
